## BACKGROUND

The Market Linkages Programme (herein after referred to as MKL) is a programme aimed at assisting young entrepreneurs to access business and related opportunities from opportunity providers (within provinces) in the public and private sector.

## PROGRAMME OBJECTIVES

Identification and sourcing of business opportunities in the private and public sector for and linking SMMEs registered with/ supported by the NYDA.

## WHY MKL?

MKL is a component in the economic development support services and complements other programmes such as the Grant, Voucher programme and Mentorship programme.

Through this intervention, it is envisaged that the participation of young people in the country's mainstream economy will be increased and the government's objective of broadening economic empowerment among the historically disadvantaged individuals will be advanced.

### Types of Opportunities/Linkages:

- Procurement
- Supplier development
- Market development
- Retail and distribution
- Acquisition of equity stake
