1. NYDA BACKGROUND AND INTRODUCTION

The National Youth Development Agency (NYDA) is a South African based agency established primarily to tackle challenges that the nation's youth are faced with. The NYDA was established by an Act of parliament, act no 54 of 2008. The institution was established to be a single, unitary structure, established to address youth development issues at National, Provincial and Local government level. The existence of the NYDA should be located within the broad context of South Africa's development dynamics. Similar to many developing countries, South Africa has a large population of youth, those between the ages 14-35; represent 42% of the total population. Given the youthful nature of the South African population much of the socio-economic challenges faced by the nation, i.e. poverty, inequality and joblessness, poor health etc, are borne by the youth. The gravity of challenges South Africa is faced with, require multi - pronged efforts, that simultaneously promote the development of sustainable livelihoods, reduce poverty, inequality and prioritise the development of policies which create an enabling environment for youth development.

The NYDA plays a lead role in ensuring that all major stakeholder's, i.e government, private sector and civil society, prioritise youth development and contribute towards identifying and implementing lasting solutions which address youth development challenges. Furthermore, the NYDA designs and implements programmes aimed at improving lives and opportunities available to youth. These programmes could be clustered as follows:

At an individual level (Micro level), the NYDA provides direct services to youth in the form of information provision, mentorship, skills development & training, entrepreneurial development & support, health awareness programmes and involvement in youth initiatives. At a community level (Meso Level), the NYDA encourages young people to be catalysts for change in their communities through involvement in community development activities, social cohesion activities and national youth service programmes and dialogue.

At a Provincial and National level (Macro Level), through its policy development, partnerships and research programmes, the NYDA facilitates the participation of youth in developing key policy inputs, which shape the socio-economic landscape of South Africa.

The National Youth Development Agency derives its mandate from the legislative frameworks, including the NYDA Act (54 of 2008), the National Youth Policy (2009-2020) and the draft Integrated

Youth Development Strategy as adopted by the Youth Convention of 2006. The NYDA activities could be summarized as follows:

- I. Lobby and advocate for integration and mainstreaming of youth development in all spheres of government, private sector and civil society
- II. Initiate, implement, facilitate and coordinate youth development programmes
- III. Monitor and evaluate youth development intervention across the board and mobilise youth for active participation in civil society engagements
